

## Teaching Evaluation Summary

Tyler K. Refsland

### University of Illinois Urbana Champaign

Scores are on a 5-point scale with 5 being the highest possible score. Higher scores indicate higher teaching evaluations. The 'Mean score' is the average response, across all sections, to the prompt "Rate the instructor's overall teaching effectiveness", on a scale from 1 = *poor* to 5 = *excellent*.

Course	Term	Number of forms	Mean score	Comparison to campus-wide scores
Environmental Biology	Fall 2013	22	3.9	Average (mid 20%)
Ecology Lab	Fall 2014	29	4.0	Average (mid 20%)
Environmental Biology Online	Fall 2015	Evaluations not collected for this course		
Ecology Lab	Fall 2016	36	4.2	High average (top 35%)
Environmental Biology Online	Spring 2017	Evaluations not collected for this course		
Ecology Merit	Fall 2017	10	4.8	High (top 20%)
