

Tyler K. Refsland

Postdoctoral Fellow, University of Nevada
Department of Natural Resources and Environmental Science
1664 N. Virginia Street, Reno, NV 89557
trefsland@unr.edu | <https://tylerkrefsland.com>

EDUCATION

- 2018 Ph.D., Ecology, Evolution & Conservation Biology, University of Illinois, Urbana-Champaign, IL. Dissertation: “Fire-driven changes to tree drought vulnerability”
Advisor: Jennifer M. Fraterrigo
- 2011 B.A. (Honors), Biology and Environmental Studies, Saint Olaf College, MN

POSITIONS HELD

- 2018 – present Postdoctoral Research Fellow, University of Nevada, Reno
- 2013 – 2018 Research Associate, University of Illinois, Urbana-Champaign
- 2012 Field Research Assistant, Nantucket Conservation Foundation
- 2011 Research Technician, Cedar Creek LTER, University of Minnesota
- 2009 Research Intern, NSF REU program, Hubbard Brook LTER, Plymouth State University

RESEARCH INTERESTS

Global change biology, tree drought mortality, ecophysiology, dendroecology, multiple stressor effects on forest ecosystem function, functional trait ecology, remote sensing

PUBLICATIONS

4. **Refsland, T.K.**, B. Knapp, K. Stephan and J.M. Fraterrigo. Sixty-five years of fire manipulation reveals climate and fire interact to determine growth rates of *Quercus* spp. *In press: Ecosphere*
3. Cushman, J. H., L. Sanders and **T.K. Refsland**. Long-term and interactive effects of different mammalian consumers on growth, survival and recruitment of dominant tree species. *Ecology & Evolution*. <https://doi.org/10.1002/ece3.6578>
2. **Refsland, T.K.** and J.M. Fraterrigo. 2018. Fire increases drought vulnerability of *Quercus alba* seedlings by altering forest microclimate and nitrogen availability. *Functional Ecology*. <https://doi.org/10.1111/1365-2435.13193>
1. **Refsland, T.K.** and J. M. Fraterrigo. 2017. Both canopy and understory traits act as response-effect traits in fire-managed forests. *Ecosphere* 8(12). <https://doi.org/10.1002/ecs2.2036>

PUBLICATIONS – *in revision, review or preparation*

Pellegrini, A.F.A., **T.K. Refsland**, C. Averill, C. Terrer, A.C. Staver, D.G. Brockway, A. Caprio, W. Clatterbuck, C. Coetsee, J.D. Haywood, S.E. Hobbie, W.A. Hoffmann, J. Kush, T. Lewis, W.K. Moser, S.T. Overby, B. Patterson, K.G. Peay, P.B. Reich, C. Ryan, M.A.S. Sayer, B. Scharenbroch, T. Schoennagel, G.R. Smith, K. Stephan, C. Swanston, M.G. Turner, T.M. Varner, and R.B. Jackson. Decadal changes in fire frequencies shift tree communities and functional traits globally. *In review*. *Preprint*: <https://doi.org/10.1101/2020.07.22.216226>

Refsland, T.K. and J. H. Cushman. Continent-wide synthesis of the long-term dynamics and drivers of population decline in a foundation tree species across multiple biomes. *In review: Forest Ecology & Management*

Macdonald, J., **T.K. Refsland**, J.H. Cushman. Landscape-level drivers of trembling aspen (*Populus tremuloides*) survival, growth, and recruitment in the Intermountain West. *In preparation*.

Refsland, T.K., D. Brockway, J. Glitz, T. Lewis, K. Stephan, J. Fraterrigo. Fire-driven filtering of plant functional traits and consequences for forest drought vulnerability. *In preparation*

GRANTS & FELLOWSHIPS

- 2019 – 2020 Nevada Division of State Lands, Lake Tahoe License Plate Program. \$114,476
Long-term dynamics of aspen across the Lake Tahoe Basin: drivers of forest health and identification of restoration priorities. Co-PI (PI: Hall Cushman)
- 2018 – 2019 USDA National Institute of Food and Agriculture Hatch Project. \$90,000
Long-term health of aspen stands: understanding the drivers of population decline for a critical foundation species. Co-author (Co-PI equivalent as postdoc; PI: Hall Cushman)
- 2017 – 2018 Fall Travel Grant, Graduate College, U of Illinois; \$500
- 2015 – 2017 Summer Research Grants, PEEC, U of Illinois; \$2,500
- 2013 – 2017 Spring Travel Grants, PEEC, U of Illinois; \$2,350
- 2014 – 2015 Joint Fire Science Program Graduate Research Innovation Award (GRIN). \$25,000
Co-PI (PI: Jennifer Fraterrigo)
- 2015 Phillip Smith Memorial Fund, Illinois Natural History Survey; \$1,000
- 2015 Clark Summer Research Grant, School of Integrative Biology, U of Illinois; \$1,000

TEACHING & MENTORING

INSTRUCTOR

- 2017 Ecology (merit section): sole instructor responsible for developing the lesson plan, instructing, and facilitating group discussion, with an emphasis on promoting peer teaching and interactions among students from backgrounds underrepresented in STEM fields. One section of 18 students.

TEACHING ASSISTANT

- 2014, 2016 Ecology *lab instructor*: led weekly field trips, discussions and science writing skills in an intensive lab course that fulfills a writing composition credit for the biology major. Two sections of 20 students each.
- 2013 Environmental Biology *TA*: led mini-lectures and facilitated student-driven discussion on topics of environmental science and sustainability. Three sections of 20 students each.

ONLINE COURSES

- 2017, 2018 Environmental Biology *course coordinator*: facilitated communication among TAs and updated course content for the online learning platform (Moodle). Enrollment ~ 375 students.

2015 Environmental Biology TA: moderated and graded online discussion forums, with emphasis on environmental degradation, society and sustainability. Four sections of 15 students each.

PROFESSIONAL TEACHER TRAINING & DEVELOPMENT

2017 Writing Across Curriculum Workshop for Teachers, U of Illinois (1-week course)

STUDENT MENTORING & OUTREACH

2013 – 2018 Mentored nine undergraduates in independent field and/or lab-intensive research, culminating in an oral or poster presentation

2017 Graduate research mentor for the Undergraduate Research Apprentice Program, U of Illinois

2014 – 2016 Volunteer judge at Next Generation Science and Engineering Fair, Next Generation Elementary and Middle School, Champaign, IL

2014 – 2015 Plants iView after-school program volunteer, Urbana Middle School, Urbana, IL

PRESENTATIONS

INVITED TALKS

2019 **Refsland, T.K.**, B.O. Knapp, K. Stephan and J.M. Fraterrigo. Sixty years of fire manipulation in the Missouri Ozarks reveals climate-dependent effects of repeat burns on forest growth. International Fire Ecology & Management Congress: Organized Oral Session: Effectiveness of fire and fuel treatments to promote resilience to drought. Tucson, AZ.

Pellegrini, A.F.A., **T.K. Refsland**, J.F. Hatten and R.B. Jackson. The role of plant-soil interactions in structuring the resilience of ecosystems to repeated burning. Ecological Society of America (ESA): Organized Oral Session: Ecosystem Response to Multiple Fires. Louisville, KY.

2018 **Refsland, T.K.** Fire-driven changes to tree drought vulnerability and carbon storage in temperate broadleaf forests. University of Nevada Ecology, Evolution and Conservation Biology seminar. Reno, NV.

CONTRIBUTED TALKS

*undergraduate mentee

2020 **Refsland, T.K.** and J. Hall Cushman. Continent-wide responses of early-successional tree species to 40 years of changing climate, competition and successional dynamics. Ecological Society of America (ESA). Virtual Meeting.

J. Hall Cushman and **T.K. Refsland**. Long-term dynamics of population decline in a foundation tree species across its entire geographic range. Ecological Society of America (ESA). Virtual Meeting.

2018 **Refsland, T.K.**, B.O. Knapp, K. Stephan and J.M. Fraterrigo. Long-term changes to fire frequency limit adult tree growth under favorable climate but not drought conditions. Ecological Society of America (ESA). New Orleans, LA.

2017 **Refsland, T.K.**, J.M. Fraterrigo. Forest drought vulnerability after fire: how fire-induced resprouting and altered microclimate affect *Quercus* water relations under experimental drought. Ecological Society of America (ESA). Portland, OR.

Refsland, T.K., J.M. Fraterrigo. Plant response-effect trait linkages along a resource gradient in fire-managed forests: implications for soil carbon stocks. Midwest Ecology and Evolution Conference. Urbana, IL.

- 2016 **Refsland, T.K.**, J.M. Fraterrigo. Does fire-induced re sprouting in oaks mediate their drought response? Ecological Society of America (ESA). Fort Lauderdale, FL.
- 2016 **Refsland, T.K.**, J.M. Fraterrigo. Potential for prescribed fire to promote drought resistance of *Quercus alba* seedlings in a changing climate. Central Hardwoods Forest Conference. Columbia, MO.
- Milla, K.*, **Refsland, T.K.**, V. Repp*, J. Woodyard*, J.M. Fraterrigo. Fire-driven changes to the forest understory community strongly influence tree seedling fitness. Midwest Ecology and Evolution Conference. Oxford, OH.
- Refsland, T.K.** and J.M. Fraterrigo. Influence of prescribed fire on drought vulnerability of *Quercus alba* seedlings. Midwest Ecology and Evolution Conference. Oxford, OH.
- 2015 **Refsland, T.K.**, J.M. Fraterrigo. Effects of recurring fire disturbance on plant functional diversity may promote soil carbon accumulation in temperate deciduous forest. Ecological Society of America (ESA). Baltimore, MD.
- 2014 **Refsland, T.K.**, J.M. Fraterrigo. How does low-intensity, fire-based management impact ecosystem services? Oak Woodlands & Forest Fire Consortium Workshop. Harrisburg, IL.

SELECTED POSTERS

*undergraduate mentee

- 2018 Vozzo, J.*, **T.K. Refsland**, J.M. Fraterrigo. Increased fire frequency reduces aboveground net primary productivity of a Missouri Ozark oak-hickory forest. University of Illinois Undergraduate Research Symposium. Urbana, IL.
- 2017 **Refsland, T.K.**, B. Knapp, J.M. Fraterrigo. Effect of experimentally manipulated fire regimes on the response of forests to drought. American Geophysical Union Fall Meeting. New Orleans, LA.
- Ennab, N.*, **T.K. Refsland**, J.M. Fraterrigo. A meta-analysis of fire-induced filtering of plant traits and the implications for carbon storage. University of Illinois Undergraduate Research Symposium. Urbana, IL. *Awarded 'Outstanding presentation' by University of Illinois Office of Undergraduate Research*
- Khan, T.*, **T.K. Refsland**, J.M. Fraterrigo. The effect of fire disturbance on adult *Quercus* spp. growth in drought years. University of Illinois Undergraduate Research Symposium. Urbana, IL.
- Swire, M.*, **T.K. Refsland**, J.M. Fraterrigo. Effect of prescribed fire on forest drought resistance and resilience: a dendrochronological approach. University of Illinois Researcher's Initiative Symposium. Urbana, IL.
- 2016 Repp, V.*, **T.K. Refsland**, J.M. Fraterrigo. Effects of fire-driven vegetation change on mycorrhizal abundance, colonization and host tree fitness. Illinois Undergraduate Research Symposium. Urbana, IL.
- 2015 **Refsland, T.K.**, J.M. Fraterrigo. Fire-induced changes in plant functional diversity may promote soil carbon inputs in temperate deciduous forests. Fire in Eastern Oak Forests Conference. Tuscaloosa, AL.
- Milla, K.*, **T.K. Refsland**, J.M. Fraterrigo. Prescribed fire effects on tree fitness and mycorrhizal relations. Illinois Undergraduate Research Symposium. Urbana, IL.

- 2014 **Refsland, T.K.**, J.M. Fraterrigo. Confronting the indirect effects of prescribed fire: the impact of understory vegetation shifts on carbon stocks of oak-hickory forests. Ecological Society of America (ESA). Sacramento, CA.
- 2011 **Refsland, T.K.**, L.A. DeGuire, A.D. Webb, E.S. Babcock. Leaf litter processing in an impaired southeastern Minnesota stream: The indirect effects of flow velocity on decomposition. Ecological Society of America (ESA). Austin, TX.

PROFESSIONAL SERVICE

- 2017 Conference co-organizer: Midwest Ecology & Evolution Conference, Urbana, IL
- 2016-2017 Steering Committee, Graduate Program in Ecology, Evolution and Conservation Biology, U of Illinois
- 2015-2016 Vice President and Treasurer: responsible for securing conference travel funds for graduate students. Graduates in Ecology and Evolutionary Biology, U of Illinois
- 2015 Department Faculty Search Committee, Natural Resources and Environmental Sciences, U of Illinois
- 2015 Conference lead organizer and abstract reviewer: Graduate Students in Ecology & Evolutionary Biology Symposium, U of Illinois
- 2015 Lead Fundraiser, Graduates in Ecology and Evolutionary Biology, U of Illinois

PEER REVIEW

Ecosphere | Journal of Ecology

PROFESSIONAL AFFILIATIONS

- 2011 – present Ecological Society of America (ESA), Physiology Section
- 2017 – present American Geophysical Union (AGU)
- 2019 – present Association for Fire Ecology
